# ABOUT US

Estd. 1901

Pilani, known as the 'City of Education and a Centre of Excellence,' is home to Birla School Pilani (BIRLA HIGH SCHOOL), the oldest and premier educational institution in the city. Founded in 1901 as a small 'Pathshala' by Seth Shiv Narayan Ji Birla for his grandsons, it evolved into a Middle School in 1922, a High School in 1925, and an intermediate college in 1929. It became a Multipurpose Higher Secondary School in 1958 and adopted the 10+2 CBSE system in 1975-76.

Managed by the Birla Education Trust, the school has celebrated major milestones including its Golden, Diamond, Platinum Jubilees, and Centenary. Eminent personalities such as Dr. Rajendra Prasad, Dr. Radhakrishnan, and Jawaharlal Nehru have participated in its events. The school emphasizes academic excellence while offering extensive extracurricular opportunities, including NCC, music, art, sports, swimming, equestrian activities, and specialized coaching from Sports Authority of India (SAI). Its inclusive hostel fosters camaraderie among students from across India, making it a microcosm of India's diverse society.

In addition to its academic and extracurricular strengths, Birla School Pilani places a strong emphasis on character building and values-based education. Rooted in the vision of its founders, the school nurtures qualities of integrity, discipline, and social responsibility among its students. Regular community service initiatives, cultural celebrations, and leadership programs instil in pupils a sense of empathy and global citizenship. This holistic approach ensures that students are not only prepared for professional success but also equipped to contribute meaningfully to society.

# An Insight into BSPMUN

At Birla School, Pilani, Model United Nations isn't just an event, it's a tradition that's been shaping young minds for years. We started this journey back in 2017 with our very first edition of BSPMUN, and since then, it has only grown bigger, better, and more meaningful. With multiple past successful editions, we now find ourselves preparing for something truly special—our 6th Edition in 2025, which promises to be our most exciting one yet.

What makes BSPMUN stand out isn't just the number of years we've been hosting it, but the kind of space it creates. Every edition, our conference becomes a meeting ground for curious students, passionate debaters, and aspiring leaders. It's a place where ideas flow freely, where voices matter, and where you realize that diplomacy isn't just about politics, it's about listening, understanding, and finding common ground.

We've also been lucky to grow beyond just being a school event. Over time, BSPMUN has helped create a unique bridge between school students and some of the most inspiring young minds in the country. That spirit of collaboration has allowed us to bring in diverse perspectives and raise the level of debate every single year.

This year, with BSPMUN 2025, we're raising the bar once again. From thoughtfully chosen agendas to dynamic committees and an organizing team full of energy, we're determined to make this edition a truly unforgettable experience. But more than the debates and the awards, what delegates will carry home from the BSPMUN is the feeling of being part of a community that believes in dialogue, in leadership, and in making your voice heard.

At its heart, BSPMUN has always been about more than just a conference. It's about the memories you make, the confidence you build, and the friendships that last long after the closing ceremony. And as we open the doors to our 6th Edition, we invite you to join us on this journey. Step into the shoes of a diplomat, take your seat at the table, and add your voice to the story of BSPMUN.
